HARP RENTAL

Hiring a harp is the fastest and easiest way to start playing the harp. It enables you discover the pleasure of playing the harp with the minimum initial financial outlay. For many parents, this can reduce the risk of directly purchasing an instrument. Monthly rentals are approximately 3% of the harps purchase price. Most of harps rented are brand new to the customer, with rental period based on a minimum term of 12 months. Our scheme offers some rental credits towards purchase of the rental harp or a more expensive instrument.

TERMS

1. Harps Must Be Insured By The Hirer.
2. At the end of the rental instruments must be returned at the Hirer's expense by approved transport.
3. Subject to conditions of agreement. (Strings when broken to be replaced at Hirer's expense).

The lever harp is often the first step towards playing the pedal harp. However, the lever harp is a fully fledged instrument in its own right, which is ideal for playing traditional folk and classical music as well as accompanying singing. Exam grades upto Grade 8 and above are now available from the major boards.

Our student harps are built to combine musicality and functionality with affordability. Few players will progress on an instrument that sounds unattractive and fails to stay in tune, so our student harps are reliable, comfortable and enjoyable to play with a satisfying tone.

PERFORMANCE HARPS FROM DUSTY STRINGS

Dusty FH harps feature soundboards with solid Honduras mahogany in the mid and upper ranges and spruce in the bass, overlaid with book-matched figures hardwood veneer and bordered with purfling and edge binding. Each wood type has its own characteristic sound, feel, aesthetic and associated weight.

	FH34 Maple / Sapele / Walnut	34 strings C-A. With hybrid soundbox. Includes carry case. Height with legs 135cm, Weight 11kg. The FH34 satisfies both the professional and the beginner with its depth and power, and delights the eye with its committed craftsmanship and fine woodworking.

Performance harps are built to fulfill the needs of professional players, who have exacting demands when it comes to tonal quality, reliability, playing comfort and portability. Our range of harps from Dusty Strings and Salvi have a full, resonant sound with a stunning amount of volume and projection. Although we have categorised them as "*Professional*", we have many beginners who will choose to learn on them as first harps and keen amateurs who likewise appreciate the craftsmanship and quality of sound.
